## PART A: EXPLANATORY NOTES PURSUANT TO MALAYSIAN FINANCIAL REPORTING STANDARD 134

### 1. Basis of Preparation

The unaudited condensed financial statements for the financial period ended 30 June 2026 of the Group have been prepared in accordance with the Malaysian Financial Reporting Standards ("MFRS") 134 "Interim Financial Reporting", International Accounting Standards 34 "Interim Financial Reporting", Paragraph 9.22 and Appendix 9B of the Bursa Malaysia Securities Berhad ("Bursa Securities") Main Market Listing Requirements ("Main LR"), and should be read in conjunction with the Group's audited financial statements for the financial year ended 31 December 2025 ("2025 Audited Financial Statements").

### 2. Accounting Policies

The accounting policies and method of computation applied in the unaudited condensed financial statements are consistent with those used in the preparation of the 2025 Audited Financial Statements except for the following:

(a) Adoption of the annual improvements and amendments to amendments to published standards that are effective for the Group's financial year beginning 1 January 2026, as follows:

- Annual Improvements to Malaysian Financial Reporting Standards ("MFRS") Accounting Standards - Volume 11 which contains a collection of narrow-scope amendments to the following:
  - MFRS 7 "Financial Instruments: Disclosures and Guidance on Implementing MFRS 7" on gain or loss on derecognition
  - MFRS 9 "Financial Instruments" on lessee derecognition of lease liabilities and transaction price
  - MFRS 10 "Consolidated Financial Statements" on determination of a 'de facto agent'
  - MFRS 107 "Statement of Cash Flows" to replace the term 'cost method' with 'at cost'
- Amendments to MFRS 9 and MFRS 7 "Amendments to the Classification and Measurement of Financial Instruments".

The adoption of the annual improvement and amendments did not have material impact to the Group during the current quarter and financial period to date.

### 3. Seasonal or Cyclical Factors

### 4. Significant Unusual Items Affecting Assets, Liabilities, Equity, Net Income or Cash Flows

The Group's performance has taken into account the following:

(a) During the current quarter, the Group recognised net foreign exchange losses of RM31.7 million mainly arising from the revaluation of USD borrowings and working capital. For the financial period, the Group recognised net foreign exchange gains of RM73.8 million, mainly arising from net foreign exchange gains on Sukuk redemption as disclosed in Part A, Note 6(b) of this announcement.

Other than the above and as disclosed in Part A, Note 12 of this announcement, there were no other unusual items affecting assets, liabilities, equity, net income or cash flows due to their nature, size or incidence for the financial period ended 30 June 2026.

## 10. Material Litigations

The status of material litigation of the Group is as follows:

### (a) Robi Axiata PLC ("Robi") vs Commissioner of Large Taxpayer Unit ("LTU-VAT") and Ors. (SIM Replacement Tax)

**Robi SIM Replacement Dispute 2007-2011**

On 17 May 2015, the LTU-VAT of the National Board of Revenue ("LTU-VAT of the NBR") issued a revised demand letter for BDT4,145.5 million (RM137.5 million) ("2007 to 2011 Revised Claim") to Robi alleging that Robi had evaded payment of supplementary duty and VAT levied on the issuance of a certain number of SIM cards to new customers of Robi for the duration from March 2007 to June 2011 when such SIM cards were issued as replacement cards to the existing subscribers of Robi.

In August 2015, Robi filed an appeal against the 2007 to 2011 Revised Claim to the Customs, Excise and VAT Appellate Tribunal. Robi deposited 10.0% of the sum set out in the respective demand notices with the LTU-VAT of the NBR based on provisions of the VAT Act 1991. This appeal was first heard on 28 September 2016 by the Customs, Excise and VAT Appellate Tribunal and later reheard on 11 April 2017 by a reconstituted bench of the Customs, Excise and VAT Appellate Tribunal. The Customs, Excise and VAT Appellate Tribunal dismissed Robi's appeal.

In September 2017, Robi filed an appeal to the High Court Division against the Customs, Excise and VAT Appellate Tribunal's decision ("VAT Appeal No. 1"). Pending the hearing of the VAT Appeal No. 1, the presiding judge of the bench of High Court Division of the Supreme Court of Bangladesh had been elevated to the Appellate Division. The legal counsel of Robi is currently waiting for instructions from Robi to fix the matter for hearing in a divisional bench of competent jurisdiction.

**Robi SIM Replacement Dispute July 2012 to July 2015**

On 20 November 2017, the LTU-VAT of the NBR issued a demand letter for BDT2,852.0 million (RM94.6 million) ("2012 to 2015 Claim") to Robi alleging that Robi had evaded payment of supplementary duty and VAT levied on the issuance of certain number of SIM cards to new customers of Robi for the duration from July 2012 to June 2015 when such SIM cards were issued as replacement cards to the existing subscribers of Robi.

On 18 February 2018, Robi filed an appeal against the 2012 to 2015 Claim to the Customs, Excise and VAT Appellate Tribunal on the basis that replacement cards do not establish new connections and do not change existing subscribers' numbers. Robi deposited 10.0% of the sum set out in the respective demand notices with the LTU-VAT of the NBR based on provisions of the VAT Act 1991. This appeal was dismissed by the Customs, Excise and VAT Appellate Tribunal.

Robi then filed an appeal to the High Court Division against the Customs, Excise and VAT Appellate Tribunal's decision ("VAT Appeal No.2").

On 23 November 2020, both VAT Appeal No.1 and VAT Appeal No.2 pending in the High Court Division were fixed for hearing whereupon the High Court Division ordered parties to file the remaining paper books.

On 3 December 2020, the High Court Division took the view that Robi needed to file a revision application for the VAT Appeal No. 2 under the new VAT and Supplementary Duty Act 2012 which became effective on 1 July 2019, and pursuant thereto, to deposit a further 10.0% of the sum set out in the respective demand notices with the LTU-VAT of the NBR.

**10. Material Litigations (continued)**

The status of material litigation of the Group is as follows: (continued)

**(a) Robi Axiata PLC ("Robi") vs Commissioner of Large Taxpayer Unit ("LTU-VAT") and Ors. (SIM Replacement Tax) (continued)**

**Robi SIM Replacement Dispute July 2012 to July 2015 (continued)**

Robi has filed written arguments against such views on the basis that the new VAT and Supplementary Duty Act 2012 is not applicable. This legal point was heard on 2 March 2021 in which the High Court Division dismissed Robi's argument and advised Robi to file a revision application under the new VAT and Supplementary Duty Act 2012, to which Robi had on 23 March 2021 filed the Civil Miscellaneous Petition for Leave to Appeal ("CMP") before the Appellate Division contending the dismissal. Pending the hearing of the CMP by the Appellate Division, the High Court Division issued a certified copy of the judgement on maintainability on 23 August 2021. Robi subsequently filed a Civil Petition for Leave to Appeal ("CP") before the Appellate Division of the Supreme Court of Bangladesh. The CP is now pending for hearing.

**(b) Robi vs LTU-VAT of the NBR (VAT Audit)**

The LTU-VAT of the NBR issued 5 show cause cum demand notices to Robi for a total amount of BDT9,245.0 million (RM306.7 million). Robi filed writ petitions for judicial review on 3 May 2018 to challenge these claims. The details are as below. The LTU-VAT of the NBR referred the matter to the Directorate General of Audit Intelligence and Investigation ("DGAI") to re-examine the claims and as such, Robi is not pursuing the Writ Petitions.

(i) the first show cause cum demand notice for BDT7,118.2 million (RM236.2 million) was issued based on the credit balance of VAT payable General Ledger ("GL") and VAT Return and VAT payable for the period from 2013 to 2016. While conducting its audit, the LTU-VAT of the NBR asked for month-on-month movement of output and withholding GL from Systems, Applications and Products i.e., SAP (Opening, debit balance during the month, credit balance during the month and closing balance). Robi had submitted the required documents. The LTU-VAT of the NBR just considered the total credit balance of SAP GL as payable and compared it with VAT return without considering the documents or explanation submitted by Robi.

(ii) the second show cause cum demand notice for BDT910.5 million (RM30.2 million) alleges unpaid VAT on merger and spectrum fee. The LTU-VAT of the NBR which collected merger fee/spectrum information from the Bangladesh Telecommunication Regulatory Commission ("BTRC") in relation to merger directly, thereafter arbitrarily calculated VAT without considering Robi's documents and information regarding actual payment to BTRC. This issue has already been covered in item (i), nevertheless the LTU-VAT of the NBR still arbitrarily made the same claim separately.

(iii) the third show cause cum demand notice for BDT16.5 million (RM0.5 million) is to claim that VAT is payable on interconnection charges from Bangladesh Telecommunications Limited ("BTCL") for 2012. The output VAT for BTCL service to customer is centrally collected by the LTU-VAT of the NBR and that BTCL cannot adjust input VAT on interconnection charges payable to Robi. Therefore, BTCL did not pay the VAT on same to Robi. This issue has already been covered in item (i), nonetheless the LTU-VAT of the NBR still arbitrarily made the same claim separately.

**10. Material Litigations (continued)**

The status of material litigation of the Group is as follows: (continued)

**(b) Robi vs LTU-VAT of the NBR (VAT Audit) (continued)**

(iv) the fourth show cause cum demand notice for BDT35.7 million (RM1.2 million) is to claim that VAT is payable on interconnection charges from BTCL for 2013 to 2016 (the issue is same as item (iii) of this case but relating to different period (2013-2016)).

(v) the fifth show cause cum demand notice for BDT1,164.1 million (RM38.6 million) is for VAT rebate cancellation on imported telecom items. The LTU-VAT of the NBR directly collected imports information from Customs Authority, then cancelled few imported items such as battery, switch, cable, router, system, etc. on arbitrary basis. These are the integral parts of machineries and spare parts.

Pursuant to re-examinations of the aforementioned demand notices by the DGAI, the LTU-VAT of the NBR issued 4 new show cause notices dated 22 March 2020 to Robi on the cumulative amount of BDT7,459.5 million (RM247.6 million) for the period of January 2013 to December 2016, details of which are set out as follows:

(i) the first show cause notice is on BDT3,676.0 million (RM122.0 million) in relation to VAT deducted at source on grounds of (I) withholding VAT on handsets; (II) withholding VAT on dealer's commission; (III) withholding VAT not paid on revenue sharing on the basis of audited financial statements; (IV) less withholding VAT paid on the basis of audited accounts etc.

(ii) the second show cause is on BDT394.3 million (RM13.1 million) in relation to VAT of BDT368.6 million (RM12.2 million) and supplementary duty payment of BDT25.7 million (RM0.9 million) based on Robi's audited financial statements.

(iii) the third show cause notice is on BDT1,308.0 million (RM43.4 million) in relation to VAT on revenue sharing.

(iv) the fourth show cause notice is on BDT2,081.2 million (RM69.1 million) in relation to VAT rebate cancellation.

Robi has filed writ petitions for judicial review on 27 June 2020 to the High Court Division against these four (4) show-cause notices. The High Court Division subsequently issued a rule nisi in favour of Robi on 31 August 2020 and the rule nisi is pending for hearing.

### (c) Robi vs BTRC

The BTRC conducted an audit on Robi's information system for the years between 1997 to 2014 and issued a claim of BDT8,672.4 million (RM287.8 million) against Robi on 31 July 2018 ("Information System Audit Claim"). This Information System Audit Claim is disputed by Robi and a Notice of Arbitration was served on BTRC on 30 May 2019.

On 13 June 2019, notwithstanding Robi's Notice of Arbitration, the BTRC directed Robi to make payment for the Information System Audit Claim within 10 days. Challenging the demand, Robi filed a suit on 25 August 2019 before the Joint District Judge, Dhaka seeking a declaration and permanent injunction against BTRC's Information System Audit Claim. The District Court admitted the suit.

Additionally, Robi filed an application seeking an ad interim relief in relation to: (i) temporary injunction restraining BTRC from demanding payment of the Information System Audit Claim; (ii) temporary injunction restraining BTRC from causing any interference with the operation of Robi's mobile telecommunication services; and (iii) direction from the court to the effect that BTRC shall issue all relevant No Objection Certificate(s) for the importation of telecommunication equipment and software, and grant all relevant approvals for tariff, service, package, etc. as and when required by Robi from time to time.

The abovementioned application for ad interim relief was dismissed on 1 September 2019 by the Joint District Judge, Dhaka. Robi referred an appeal before the High Court Division in respect of the rejection of temporary injunction application on 5 September 2019.

On 5 January 2020, the High Court Division issued an injunction upon BTRC on condition that Robi deposit BDT1,380.0 million (RM69.0 million) in five instalments. Robi has deposited these five equal instalments as of 31 May 2020. This matter is currently pending for hearing before the Joint District Judge in Dhaka.

### (d) Robi vs LTU-VAT of the NBR (VAT Rebate Cancellation)

For the period of 2010 to 2016, Robi claimed rebate for input VAT payable on certain services and goods related to capital machineries (i.e. antenna, cable, media gateway switch, battery, modem, telephone and telegraphic switch, power system, optical multi service systems, universal service router, printed service board, racks, etc.). The LTU-VAT of the NBR cancelled the rebates and issued the following demand notices cumulatively for BDT3,636.2 million (RM120.8 million) to which Robi is challenging:

(i) the demand notice for the period of March 2012 to April 2013 is for BDT830.6 million (RM27.6 million).

(ii) the demand notice for the period of July 2013 to June 2014 is for BDT596.8 million (RM19.8 million).

(iii) the demand notice for the period of July 2014 to January 2016 is for BDT993.2 million (RM33.0 million).

(iv) the demand notice for the period of February 2016 to April 2016 for BDT41.0 million (RM1.4 million).

**(d) Robi vs LTU-VAT of the NBR (VAT Rebate Cancellation) (continued)**

(v) the demand notice for the period of May 2016 to December 2016 is for BDT707.7 million (RM23.5 million).

(vi) the demand notice for the financial years of 2010 to 2012 is for BDT466.9 million (RM15.5 million).

Robi filed VAT appeals to the High Court Division on 26 August 2013 for item (i), 21 January 2019 for items (ii) to (v), and on 1 June 2020 for item (vi). For item (i), Robi paid the amount in full. For items (ii) to (vi), Robi deposited 10.0% of the sum set out in the respective demand notices with the LTU-VAT of the NBR based on the provisions of the VAT Act 1991. All the cases are currently pending for hearing before the High Court Division, except for one covering the demand notice for the period of July 2013 to June 2014, where hearing is ongoing, and another case covering the demand notice for the period of May 2016 to December 2016, which has been disposed of with a direction upon the relevant authority to recalculate the VAT liability in accordance with the applicable law.

**(e) Robi vs The Commissioner of Taxes**

The Commissioner of Taxes assessed the income tax return of Robi and disallowed certain losses and expenses (i.e. subsidy on acquisition expenses/promotional expense (SIM tax subsidy), foreign exchange losses, non-adjustment of depreciation allowances, etc.) and further determined the income tax payable as follows:

(i) for the assessment year 2013-2014, BDT2,273.6 million (RM75.4 million) and interest of BDT378.2 million (RM12.6 million);

(ii) for the assessment year 2014-2015, BDT2,246.3 million (RM74.5 million) and interest of BDT414.4 million (RM13.7 million); and

(iii) for the assessment year 2015-2016, BDT2,263.2 million (RM75.1 million) and interest of BDT295.3 million (RM9.8 million).

Robi had earlier referred its appeals to the High Court Division against the Commissioner of Taxes for the respective determination. Robi and the Commissioner of Taxes then entered into an alternative dispute resolution agreement and settlement agreements, for the purpose of resolving the matters. The alternative dispute resolution for these matters has been concluded.

As at the reporting date, the matters relating to assessment years 2013-2014 and 2015-2016 have been fully settled and disposed of pursuant to the alternative dispute resolution agreement and settlement agreements described above. The matter relating to assessment year 2014-2015 is currently being disposed of in accordance with the relevant procedures mentioned above.

**10. Material Litigations (continued)**

The status of material litigation of the Group is as follows: (continued)

**(f) Robi vs LTU-VAT of the NBR (Demand for Payment of Interest Charge for Robi's Alleged Late Payment)**

The LTU-VAT of the NBR alleged that Robi failed to deposit the amount of BDT1,818.0 million (RM60.3 million) as VAT and supplementary duty levied on 2.3 million pieces of SIM cards sold by Robi for the period of August 2006 to March 2007.

Robi filed a writ petition against the said demand which was stayed by the High Court Division. Later, the LTU-VAT of the NBR filed an appeal against the stay and the stay was vacated. As a result, the LTU-VAT of the NBR coercively realised the demanded amount of BDT1,818.0 million (RM60.3 million). Although the LTU-VAT of the NBR realised the demanded amount, the LTU-VAT of the NBR further issued a demand letter for payment of BDT2,660.5 million (RM88.3 million) as interest on the amount charged for the late payment. Therefore, Robi filed another writ petition in relation to the claim of BDT2,660.5 million (RM88.3 million). Both the cases are pending before the High Court Division.

**(g) Mahtab Uddin Ahmed vs Robi and 4 Others**

Former managing director and chief executive officer of Robi, Mahtab Uddin Ahmed ("MUA") filed a civil suit on 22 August 2022, being Title Suit 568 of 2022 ("Suit") against Robi and four (4) others, before the 1st Court of the Joint District Judge, Dhaka. MUA is claiming BDT2,270.2 million (RM75.3 million) in retirement benefits and compensation, allegedly owed to MUA. The trial is currently in progress before the Joint District Judge Court.

**(h) Robi vs BTRC (VAT Payment Dispute Related To 2G Licence Fee Payment)**

During the 2G licence renewal in 2011, BTRC demanded VAT on spectrum fees. Mobile operators agreed to withhold the VAT in compliance with the VAT Act 1991. However, BTRC refused and demanded the spectrum fees without any deductions. As such, all the mobile operators filed writ petitions at the High Court Division, including Robi.

Robi challenged the provisions in the VAT rules and argued that there should be no VAT on spectrum and even if there was any, any services provided by BTRC are VAT exempted under the VAT Act 1991. Robi also argued that BTRC is not a VAT registered entity and is therefore unable to issue VAT receipts (a requirement under relevant VAT laws). The High Court Division ordered BTRC to register for VAT and ordered Robi to deposit the amount, including VAT, of BDT1,468.6 million (RM48.7 million); which Robi duly did. However, BTRC refused to register as a VAT entity or issue the VAT receipt and filed an appeal against the High Court Division's decision to the Appellate Division. In this case, 100.0% of the licence renewal fees have been capitalised by Robi in accordance with the requirement of the law (including the High Court Division's order that BTRC should register as a VAT entity and should issue the VAT receipt). Pending the hearing at the High Court Division, BTRC had also included this claim in the BTRC audit claim.

Robi also filed an appeal before the same Appellate Division. After hearing the appeal, the Appellate Division of the Supreme Court of Bangladesh allowed the appeal of NBR and BTRC and dismissed the appeal of all the mobile operators. Subsequently, Robi filed a revision application before the Appellate Division, which is currently pending hearing.

## 10. Material Litigations (continued)

The status of material litigation of the Group is as follows: (continued)

### (h) Robi vs BTRC (VAT Payment Dispute Related To 2G Licence Fee Payment) (continued)

Pending the revision application, BTRC issued a letter on 24 December 2023, demanding Robi to pay the outstanding VAT on account of the 2G spectrum fee, licence fee, quarterly spectrum fee and revenue sharing amounting to BDT 2,123.9 million (RM70.5 million) (comprising Robi: BDT 1,731.3 million (RM57.4 million) and Airtel: BDT 392.6 million (RM13.0 million)). Thereafter, on 4 February 2024, Robi paid BDT 674.1 million (RM22.4 million) after adjusting the VAT on Revenue Sharing & Social Obligation Fund payment. Subsequently, vide a letter dated 5 June 2024, BTRC demanded payment of VAT on 2G revenue sharing amounting to BDT 1,249.8 million (RM41.5 million) from Robi. Robi challenged this demand by filing another writ petition to the High Court Division, upon which the High Court Division issued a show cause order as to why the said demand letter issued by BTRC should not be declared to have been issued without lawful authority and of no legal effect.

In relation to the 2nd instalment of spectrum fees (2G License), Robi claimed rebate of BDT826.8 million (RM27.4 million), but the LTU-VAT of the NBR cancelled the rebate, as there was no VAT receipt issued by BTRC. Robi challenged the cancellation by a separate writ petition being Writ Petition No. 14977 of 2012 which is still pending before the High Court Division.

### (i) Airtel Bangladesh Limited ("Airtel Bangladesh") vs LTU-VAT of the NBR (Alleged VAT Evasion relating to LM Ericsson Bangladesh Ltd. ("Ericsson"))

NBR considered Airtel Bangladesh's contract with Ericsson to be a turnkey contract and claimed that Airtel Bangladesh had not deducted VAT at source properly. Airtel Bangladesh filed an appeal to the Commissioner, LTU-VAT ("Commissioner"). After the hearing, the Commissioner issued a demand considering the contract as turnkey. Subsequently on 8 January 2013, the Commissioner issued a show cause cum demand notice to Airtel Bangladesh amounting BDT 1,170.5 million (RM38.8 million).

Being aggrieved by the order of the Commissioner, Airtel Bangladesh filed an appeal to the Customs, Excise and VAT Appellate Tribunal ("Tribunal"). The Tribunal rejected the appeal and re-confirmed the earlier order. Being aggrieved by the judgment of the Tribunal, Airtel Bangladesh filed VAT Appeal No. 27 of 2015 in the High Court Division of the Supreme Court of Bangladesh. The High Court Division admitted the appeal and issued a stay of the decision of the Tribunal. Currently, the case is pending for hearing before the High Court Division. Aside, the claim is indemnified by a third party arising from a business combination.
