(2) Established in 2025.
(3) Included in the scope of consolidation following the signing of the contract for the privatisation of Fenerbahçe-Kalamış Yat Limanı in February 2025, announced by the Republic of Turkey Ministry of Treasury and Finance Privatisation Administration.

For segment presentation in these consolidated financial statements; Koç Holding's stand-alone financial statements have been included in the "Other" segment (Note 4).

NOTE 2 - BASIS OF PRESENTATION OF CONSOLIDATED FINANCIAL STATEMENTS

2.1 Basis of presentation

2.1.1 Financial reporting standards

The consolidated financial statements of the Group have been prepared in accordance with Turkish Financial Reporting Standards ("TFRS") promulgated by the Public Oversight Accounting and Auditing Standards Authority ("POA") that are set out in the 5th article of the communiqué numbered II-14.1 "Communiqué on the Principles of Financial Reporting In Capital Markets" ("the Communiqué") announced by the Capital Markets Board ("CMB") on 13 June 2013 and published in Official Gazette numbered 28676.

In accordance with the Turkish Accounting Standard No: 34 "Interim Financial Reporting", entities are allowed to prepare a complete or condensed set of interim financial statements. In this respect, the Group has preferred to prepare condensed consolidated financial statements in the interim periods. Accordingly, these interim condensed consolidated financial statements should be read in conjunction with the annual consolidated financial statements for the year ended 31 December 2024.

The interim condensed consolidated financial statements are presented in accordance with the "Announcement regarding to TAS Taxonomy" which was published by POA and the format and mandatory information recommended by CMB.

Koç Holding, its Subsidiaries and Joint Ventures registered in Turkey maintain their books of account and prepare their statutory financial statements in TL in accordance with the Turkish Commercial Code ("TCC"), tax legislation and the Uniform Chart of Accounts issued by the Ministry of Treasury and Finance, banking law, accounting principles and instructions promulgated by the Banking Regulation and the Supervision Agency ("BRSA") and TFRS together with notes and explanations related to the accounting and financial reporting standards issued by POA in case of no specific regulations have been introduced by these institutions. Foreign Subsidiaries, Joint Ventures and Associates maintain their books of account in accordance with the laws and regulations in force in the countries in which they are registered. These interim condensed consolidated financial statements have been prepared under the historical cost conversion except for the financial assets and liabilities presented at fair values. Adjustments and restatements, required for the fair presentation of the interim condensed consolidated financial statements in conformity with the TFRS, have been accounted for in the statutory financial statements which are prepared in accordance with the historical cost principle.

2.1.2 Financial reporting in hyperinflationary economies

Pursuant to the decision of the CMB dated 28 December 2023 and numbered 81/1820, it has been decided that issuers and capital market institutions subject to financial reporting regulations that entities applying TFRS to apply inflation accounting in accordance with TAS 29 Financial Reporting in Hyperinflationary Economies as of financial statements for the annual reporting period ending on or after 31 December 2023. In accordance with the aforementioned CMB decision and the announcement made by POA on 23 November 2023 and the "Guidance on Financial Reporting in Hyperinflationary Economies", the Group has prepared the consolidated financial statements as of 30 September 2025 by applying TAS 29. According to the standard, financial statements prepared in the currency of a hyperinflationary economy are presented in terms of the purchasing power of that currency at the balance sheet date. Prior period financial statements are also presented in the current measurement unit at the end of the reporting period for comparative purposes. The Group has therefore presented its consolidated financial statements as of 30 September 2024 and 31 December 2024 on the purchasing power basis as of 30 September 2025.

As of 30 September 2025, the indices and adjustment coefficients which obtained from the Consumer Price Index (CPI) of Turkey published by the Turkish Statistical Institute (TÜİK) and used in the adjustment of the consolidated financial statements for the current and prior periods since 1 January 2005, the date on which TL ceased to be designated as the currency of a hyperinflationary economy, are as follows:

NOTE 2 - BASIS OF PRESENTATION OF CONSOLIDATED FINANCIAL STATEMENTS (Continued)

2.1.2 Financial reporting in hyperinflationary economies (Continued)

Date	Index	Conversion Factor	Three-year Inflation Rate
30 September 2025	3.367,22	1,00000	222%
31 December 2024	2.684,55	1,25430	291%
30 September 2024	2.516,16	1,33294	343%

The main factors regarding financial reporting in hyperinflationary economies are as follows:

- Current period consolidated financial statements prepared in TL are expressed in terms of the purchasing power at the balance sheet date, and amounts from previous reporting periods are also adjusted and expressed in terms of the purchasing power at the end of the reporting period.
- Monetary assets and liabilities (such as cash and cash equivalents, trade receivables and payables, receivables and payables from financial sector operations, borrowings) are not adjusted as they are already expressed in terms of the current purchasing power at the balance sheet date. In cases where the inflation-adjusted values of non-monetary items (such as inventories, property, plant and equipment, intangible assets, investment properties and equity items) exceed their recoverable amount or net realisable value, the provisions of TAS 36 "Impairment of Assets" and TAS 2 "Inventories" are applied, respectively.
- Non-monetary assets and liabilities and equity items that are not expressed in terms of the current purchasing power at the balance sheet date have been adjusted using the relevant adjustment coefficients.
- All items in the comprehensive income statement, except for those that have an impact on the comprehensive income statement of non-monetary items on the balance sheet, have been indexed using the coefficients calculated for the periods when the income and expense accounts were first reflected in the financial statements.
- The impact of inflation on the Group's net monetary asset position in the current period is recognised under net monetary gain/(loss) account in the consolidated income statement. The purchasing power of companies carrying more monetary assets than monetary liabilities weakens with inflation, while the purchasing power of companies carrying more monetary liabilities than monetary assets increases with inflation. Net monetary position gain or loss is derived from the restatement differences of non-monetary items, shareholders' equity, items in the income statement and other comprehensive income statement and index-linked monetary assets and liabilities.
- The financial statements of Subsidiaries operating in countries other than Turkey are compiled by the TFRS promulgated by the POA to reflect the proper presentation and content. Subsidiaries' assets and liabilities are translated into TRY from the foreign exchange rate at the reporting date and income and expenses are translated into TRY at the average foreign exchange rate. Incomes and expenses have been indexed to reflect their purchasing power at the end of the current period. Exchange differences arising from the translation of the opening net assets and differences between the average and balance sheet date rates are recognised in the "currency translation difference" under the use of equity.

2.1.3 Comparatives and adjustment of prior periods' financial statements

Comparative Information and Restatement of Prior Period Consolidated Financial Statements

The current period condensed consolidated financial statements of the Group include comparative financial information to enable the determination of the trends in financial position and performance. Comparative figures are reclassified, where necessary, to conform to the changes in the presentation of the current period condensed consolidated financial statements.

As explained in Note 2.1.2, figures for the previous reporting period are restated by applying the general price index so that the comparative financial statements are presented in the currency of the reporting period end. Information disclosed for prior periods is also expressed in the currency of the reporting period.

Except for the changes mentioned in the paragraphs below, the Group has applied consistent accounting policies in its consolidated financial statements for the periods presented, and there have been no significant changes in accounting policies and estimates during the current period.

NOTE 2 - BASIS OF PRESENTATION OF CONSOLIDATED FINANCIAL STATEMENTS (Continued)

2.1.3 Comparatives and adjustment of prior periods' financial statements (continued)

Due to the restatement in net monetary position gains/(losses) account resulting from the indexing of the shareholding amount of Arçelik's foreign subsidiaries, a reclassification has been made among the consolidated net profit for the period, consolidated retained earnings, non-controlling interests and consolidated currency translation differences in the statement of changes in equity as of 1 January 2024 and 30 September 2024. The restatement amounts expressed in terms of purchasing power as of 30 September 2025 are indicated below respectively.

As of 1 January 2024, the reclassifications amounting to TL8.730 million in retained earnings, TL(6.145) million in currency translation differences and TL(2.585) million in non-controlling interests have been realised.

As of 30 September 2024, the reclassifications made were as follows: TL8.730 million in retained earnings, TL(8.138) million in currency translation differences, TL(2.585) million in non-controlling interests and TL1.993 million in net profit for the period attributable to the equity holders of parent. The reclassifications have also been presented in the comparative period's balance sheet and income statement. These changes do not have any impact on the Group's total equity.

Except for the restatements explained above, the restatements made in the comparative financial statements regarding the final accounting of business combinations completed by the Group in 2024 are disclosed in the Business Combinations note (Note 3).

2.1.4 EUR and USD amounts presented in the financial statements

EUR and USD amounts shown in the consolidated financial tables prepared in accordance with the TFRS have been translated from TL, at the official EUR and USD bid rates announced by the CBRT effective as of 30 September 2025 of TL48,6479 = EUR1 and TL41,4984 = USD1, respectively and do not form part of these consolidated financial statements.

2.2 Amendments in International Financial Reporting Standards

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements as of 30 September 2025 are consistent with those of previous year, except for the adoption of new and amended TFRS and TFRS interpretations effective as of 1 January 2025 and thereafter. The effects of these standards and interpretations on the Group's financial position and performance have been disclosed in the related paragraphs.

The new standards, amendments and interpretations which are effective as of 1 January 2025 are as follows:

- Amendments to TAS 21 - Lack of Exchangeability

These amendments did not have any significant impact on the financial position or performance of the Group.

Standards issued but not yet effective and not early adopted as of 30 September 2025:

Standards, interpretations and amendments to existing standards that are issued but not yet effective up to the date of issuance of the condensed consolidated financial statements are as follows. The Group will make the necessary changes if not indicated otherwise, which will affect the consolidated financial statements and disclosures when the new standards and interpretations become effective.

- Amendments to TFRS 10 and TAS 28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture
- TFRS 17 - The New Standard for Insurance Contracts
- TFRS 18 - The New Standard for Presentation and Disclosure in Financial Statements
- Amendments to IFRS 9 and IFRS 7 - Classification and Measurement of Financial Instruments
- Amendments to IFRS 9 and IFRS 7 - Contracts Referencing Nature-dependent Electricity
- Annual Improvements to IFRS Accounting Standards - Volume 11
- IFRS 19 - Subsidiaries without Public Accountability: Disclosures

The impact of the new standards, amendments and improvements on the financial position or performance of the Group is being assessed.

NOTE 2 - BASIS OF PRESENTATION OF CONSOLIDATED FINANCIAL STATEMENTS (Continued)

2.3 Changes in Accounting Policies, Estimates and Errors

Any change in accounting policies resulting from the first time adoption of a new TFRS is made either retrospectively or prospectively in accordance with the transition requirements of TFRS. Changes without any transition requirement, material changes in accounting policies or material errors are corrected, retrospectively by restating the prior period consolidated financial statements.

If changes in accounting estimates are related to only one period, they are recognised in the period when the changes are applied; if changes in estimates are related to future periods, they are recognised both in the period where the change is applied and in future periods prospectively. The Group doesn't have any significant changes in accounting policy and accounting estimates in the current period.

2.4 Summary of Significant Accounting Policies

The interim condensed consolidated financial statements for the period ended 30 September 2025 have been prepared in accordance with TAS 34. The accounting policies used in the preparation of these interim condensed consolidated financial statements for the period ended 30 September 2025 are consistent with those used in the preparation of annual consolidated financial statements for the year ended 31 December 2024. Accordingly, these interim condensed consolidated financial statements should be read in conjunction with the annual consolidated financial statements for the year ended 31 December 2024.

Group accounting

There has been no change in total ownership interests and effective interests of the Subsidiaries, Associates and Joint Ventures of the Group reported as of 30 September 2025 from interests reported as of 31 December 2024, except for the Companies mentioned below:

(4) All shares of "Stellantis Otomotiv Pazarlama A.Ş.", the distributor of Stellantis brands (Peugeot, Citroën, Opel and DS), were acquired by Tofaş, a Joint Venture of the Group, on 30 April 2025 (Note 7).

2.5 Significant Accounting Estimates and Assumptions

Preparation of consolidated financial statements requires the usage of estimations and assumptions which may affect the reported amounts of assets and liabilities as of the balance sheet date, disclosure of contingent assets and liabilities and reported amounts of income and expenses during the financial period. The accounting assessments, forecasts and assumptions are reviewed continuously considering past experiences, other factors and the reasonable expectations about future events under current conditions. Although the estimations and assumptions are based on the best estimates of the management's existing incidents and operations, they may differ from the actual results. Significant accounting estimates and assumptions are consistent with financial statements for the year ended 31 December 2024.

2.6 Convenience Translation into English of Consolidated Financial Statements

The accounting principles described in Note 2.1 (defined as Turkish Financial Reporting Standards) to the interim condensed consolidated financial statements differ from International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board with respect to the application of inflation accounting, classification of some income statement items and also for certain disclosure requirements of the POA.

NOTE 3 - BUSINESS COMBINATIONS

Impacts of the final accounting for business combinations completed in 2024

The business combinations carried out by Arçelik, a Subsidiary of the Group, in 2024, the details of which are explained below, have been provisionally accounted for in the consolidated financial statements as of 30 September 2024. The purchase price allocation studies were finalised in 2024, and the impacts of the final accounting have been reflected in the consolidated financial statements as of 31 December 2024. In accordance with TFRS 3, the consolidated statements of income, other comprehensive income, changes in equity and cash flows for the comparative period ended 30 September 2024 have been adjusted according to the final accounting.

The purchase price for the acquisition of Whirlpool Corporation's production, sales and marketing subsidiaries operating in Europe was determined as 25% of the fair values of all production, sales and marketing subsidiaries of Arçelik operating in Europe prior to the transfer. As the fair value of these subsidiaries had not yet been determined at the time of the provisional accounting, the provisional fair value was calculated as 75% of the provisionally recognised net assets of Whirlpool Corporation's subsidiaries operating in Europe. The impact of this accounting on the Group's equity attributable to the parent amounted to TL11.116 million. Following the final accounting, the amounts related to the parent's contribution and the total identifiable net assets of Whirlpool Corporation's subsidiaries operating in Europe were revised. As a result, bargain purchase gain amounting to TL21.006 million was recognised under other operating income account in the income statement.

In addition, to contribute to Arçelik's growth strategy in the Middle East and North Africa (MENA) region, as previously disclosed in the material event disclosure of Arçelik dated 17 January 2023 and 23 June 2023, all shares of Whirlpool MEEA DMCC and Whirlpool Maroc S.a r.l., Whirlpool Corporation subsidiaries operating in the MENA region and incorporated in the United Arab Emirates and Morocco, respectively, along with all of Whirlpool's MENA operations, were transferred to Beko B.V. on 1 April 2024, following the closing procedures set forth in the MENA share purchase agreement.

Since the fair value of these subsidiaries had not yet been determined during the provisional accounting in the comparative period, a retrospective adjustment was made following the completion of the purchase price allocation studies, and the resulting gain of TL346 million from the bargain purchase was recognised in the adjusted comparative income statement.

Details of the respective business combinations are provided below.

i) As stated in the material event disclosure of Arçelik, a Subsidiary of the Group, dated 17 January 2023, a Shareholder Agreement has been signed between Arçelik and Whirlpool Corporation for the purpose of merging all production, sales and marketing subsidiaries of Arçelik and Whirlpool Corporation operating in Europe under a new company, Beko Europe B.V. which Arçelik will control with 75% shares and Whirlpool Corporation will have a non-controlling interest with 25% shares, in line with Arçelik's growth strategy. Furthermore, as of 1 April 2024, in accordance with the principles stated in the material event disclosure dated 17 January 2023, a Partnership Agreement, Brand License Agreements and other agreements regarding operational and supply matters have been signed. As a result, as of 1 April 2024, the control of all production, sales and marketing subsidiaries of Whirlpool Corporation operating in Europe has been transferred to Arçelik.

NOTE 3 - BUSINESS COMBINATIONS (Continued)

The fair values of identifiable assets and liabilities in accordance with TFRS 3 arising from the acquisition are as follows:

	1 April 2024
Purchase price	6.056
Contingent purchase price (1)	1.851
Total purchase price	**7.907**
Cash and cash equivalents	11.619
Trade receivables	32.212
Derivative instruments	66
Inventories	23.872
Other current assets	5.931
Property, plant and equipment	41.368
Intangible assets	10.053
Deferred tax assets /(liabilities), net	14.441
Other non-current assets	1.587
Trade and other payables	(69.817)
Provisions to employee benefits and other provisions	(7.617)
Lease liabilities	(7.989)
Other liabilities	(20.460)
Fair value of total identifiable net assets (100%)	**35.266**
Net assets acquired (corresponding to the 75% of shares purchased)	26.449
Total purchase price	**(7.907)**
Fair value adjustment of non-controlling interests (2)	2.464
Gain on bargain purchase (Note 20) (3)	**21.006**

(1) Contingent purchase price refers to the amount to be paid if Beko Europe B.V. benefits from the unused tax losses and tax incentives in Italy and Poland. The amount likely to be paid is recorded as a contingent liability within the scope of business combinations.

(2) According to TFRS 3, non-controlling interests can be measured based on the proportionate share of net assets or at fair value. Non-controlling interests resulting from this acquisition are recognised at fair value and fair value is calculated using the discounted cash flow method. The difference between the proportionate share of net assets and fair value has been included in the calculation of gain on bargain purchase.

(3) Gain on bargain purchase amounting to TL21.006 million has been recognised under other operating income (Note 20). The impact of the related amount on net profit for the equity holders of the parent company is TL9.688 million.

The details of cash outflow due to acquisition are as follows:

Total purchase price - cash	-
Cash and cash equivalents - acquired	11.619
Cash inflow due to acquisition (net)	**11.619**

NOTE 3 - BUSINESS COMBINATIONS (Continued)

ii) Pursuant to the closing of transactions outlined in the share purchase agreement, as stated in the material event disclosure of Arçelik dated 17 January 2023 and 23 June 2023, 100% of the shares in Whirlpool MEEA DMCC and Whirlpool Maroc S.a r.l., Whirlpool Corporation subsidiaries operating in the Middle East and North Africa ("MENA") region and incorporated in the United Arab Emirates and Morocco, respectively, along with all of Whirlpool's MENA operations, were transferred to Beko B.V. on 1 April 2024.

Furthermore, effective from 1 April 2024, Beko B.V. and Whirlpool Corporation have executed a Partnership Agreement, Trademark License Agreements, and other agreements setting forth the terms of their cooperation regarding operations and supply, as previously announced in the material event disclosure dated 17 January 2023.

The fair values of identifiable assets and liabilities in accordance with TFRS 3 arising from the acquisition are as follows:

	1 April 2024
Cash and cash equivalents	908
Trade receivables	720
Inventories	565
Other current assets	44
Property, plant and equipment	16
Intangible assets	514
Deferred tax assets /(liabilities), net	(70)
Trade and other payables	(876)
Other liabilities	(257)
Fair value of total identifiable net assets (100%)	**1.564**
Total purchase price	**(1.218)**
Gain on bargain purchase (Note 20) [(1)]	**346**

(1) The gain on bargain purchase amounting to TL346 million has been recognised under other income (Note 20). The impact of the related amount on net profit for the equity holders of the parent company is TL159 million.

The details of cash outflow due to acquisition are as follows:

Total purchase price - cash	(1.218)
Cash and cash equivalents - acquired	908
Cash outflow due to acquisition (net)	**(310)**

NOTE 4 - SEGMENT REPORTING

The financial information of the Joint Ventures has been included in the segment results, prepared within the framework of the Group's managerial approach, by full consolidation method (as 100%). The segment reporting information prepared in conformity with this approach is defined as "combined financial information".

"Combined revenue" reported below is before intra and inter segment revenue eliminations. Other financial information except for "combined revenue" represents the amounts after the related consolidation adjustments and profit eliminations.

The reconciliations of the combined financial information to the amounts reported in the consolidated financial statements for the periods ended 30 September 2025 and 2024 are presented separately.

1 January - 30 September 2025	Energy	Automotive	Consumer durables	Finance	Other	Total
External revenue	897.893	902.184	416.283	653.465	99.475	2.969.300
Intra segment revenue	122.292	53.647	15.857	819	2.292	194.907

NOTE 7 - INVESTMENTS ACCOUNTED FOR USING THE EQUITY METHOD (Continued)

Business combinations in Joint Ventures in 2025

In accordance with the Share Purchase Agreement signed on 28 July 2023 between Tofaş, a Joint Venture of the Group, and Stellantis Group regarding the acquisition of the shares of Stellantis Otomotiv Pazarlama A.Ş. ("Stellantis Otomotiv"), the transfer of Stellantis Otomotiv shares to Tofaş was completed on 30 April 2025, following the fulfillment of all closing conditions and the payment of EUR 400 million, subject to customary net cash and working capital adjustments. In accordance with the agreement, a conditional performance payment may be made at a rate of 77,5% of the free cash flows generated by Stellantis Otomotiv in each of the eight fiscal years following the closing, to the extent such amounts exceed the reference thresholds set forth in the agreement, which reflect the underlying valuation expectations.

Within this scope, in addition to the vehicle production agreement publicly announced on 4 November 2024, and simultaneously with the closing, new brand distribution agreements were executed between Tofaş, Stellantis Otomotiv, Stellantis Europe and other Stellantis Group entities, establishing the commercial terms between the parties with respect to the distribution of Peugeot, Citroën, Opel and DS Automobiles brands. Furthermore, amendment agreements were signed to revise the commercial principles between Tofaş and Stellantis Group for the Fiat, Alfa Romeo and Jeep brands currently distributed by Tofaş. Additional agreements were also signed regarding the development of joint business areas including the sale and refurbishment of used vehicles, spare parts distribution and after-sales services.

As a result, Tofaş has assumed the import and sales operations of Peugeot, Citroën, Opel and DS Automobiles branded vehicles and spare parts, limited to Turkey, in addition to its representing the Fiat, Fiat Professional, Alfa Romeo, Jeep and Maserati brands.

In this context, the acquisition has been provisionally accounted for in Tofaş's consolidated financial statements dated 30 September 2025, in accordance with the provisions of TFRS 3 "Business Combinations". In accordance with TFRS 3, any differences arising from the finalisation of valuation studies related to the provisionally recognised amounts will be reflected in Tofaş's consolidated financial statements of the following reporting period.

The total purchase consideration and the provisional fair values of the acquired assets and liabilities under TFRS 3 are as follows:

Total purchase price	**24.972**
- Purchase price - cash	*19.336*
- Contingent purchase price	*5.636*
Fair value of total identifiable net assets (provisional)	**17.228**
Goodwill (provisional)	**7.744**

NOTE 8 - TRADE RECEIVABLES AND PAYABLES

	30 September 2025	31 December 2024
Trade receivables		
Trade receivables	221.456	206.401
Notes and cheques receivable	8.200	9.134
Less: Provision for expected credit loss	(4.738)	(4.444)
	224.918	211.091
Due from related parties (Note 23)	20.515	19.153
	245.433	**230.244**

NOTE 15 - TAX ASSETS AND LIABILITIES

	30 September 2025	31 December 2024
Current income tax liabilities	11.484	17.864
Less: Prepaid income tax	(7.799)	(13.389)
Current income tax liabilities (net)	**3.685**	**4.475**
Deferred tax assets	29.967	38.128
Deferred tax liabilities	(37.793)	(30.348)
Deferred tax assets/(liabilities), (net)	**(7.826)**	**7.780**

Turkish tax legislation does not permit a parent company to file a consolidated tax return. Therefore, tax liabilities, as reflected in consolidated financial statements, have been calculated on a separate-entity basis.

The corporation tax rate is 25% in Turkey as of 30 September 2025 (30% for Finance sector) (31 December 2024: 25%, 30% for Finance sector). Corporation tax is payable on the total income of the company after adjusting for certain disallowable expenses, income not subject to tax and allowances.

NOTE 15 - TAX ASSETS AND LIABILITIES (Continued)

Koç Holding, its Subsidiaries and Joint Ventures, recognise deferred tax assets and liabilities based upon temporary differences arising between their financial statements prepared in accordance with TFRS and the Turkish tax legislations.

The breakdown of cumulative temporary differences and deferred tax assets and liabilities provided using principal tax rates are as follows:

	Cumulative temporary differences		Deferred tax assets/(liabilities)	
	30 September 2025	31 December 2024	30 September 2025	31 December 2024
Property, plant and equipment and intangible assets	199.033	157.314	(51.861)	(40.163)
Investment incentives (*)	-	-	17.363	19.974
Deductible tax losses and other tax advantages	-	-	13.981	21.958
Impairment provision for loans and receivables	(28.444)	(27.300)	8.401	8.127
Derivative instruments	(31.638)	(21.041)	2.371	5.746
Inventories	(16.702)	(16.529)	4.363	4.384
Provision for the pension fund obligations	(12.991)	(16.295)	3.897	4.888
Provision for employment termination benefits	(17.517)	(11.503)	4.555	2.981
Warranty and assembly provisions	(8.052)	(8.652)	1.993	2.117
Other (net)	37.877	86.155	(12.889)	(22.232)
Deferred tax assets/(liabilities), (net)			**(7.826)**	**7.780**

(*) Tüpraş, a Subsidiary of the Group, was granted a large-scaled investment incentive for the Residuum Upgrade Project (RUP), in the first quarter of 2011, within the scope of the decree of the Council of Ministers dated 14 July 2009 and numbered 2009/15199. In accordance with the related legislation, Tüpraş can deduct 30% of its capital expenditures related with RUP, with a rate of 50% from tax base in accordance with the legislation provisions, at the time investment is completed and the revenue is started to be recognised. As of 7 October 2013, RUP was granted Strategic Investment Incentive by Incentive Implementation and Foreign Investment Department of Ministry of Economy of Republic of Turkey that would be applicable after 19 October 2012. Within the scope of the Strategic Investment, Tüpraş can deduct 50% of its capital expenditures related with RUP, with a rate of 90% from tax base in accordance with the legislation provisions. In accordance with the related investment incentives, tax credits of TL10.122 million as of 30 September 2025 (31 December 2024: TL12.758 million) that Tüpraş will benefit in the foreseeable future have been recognised as deferred tax asset in the consolidated financial statements.

Gains of Arçelik, arising from investments under incentive certificate are subject to corporate income tax at reduced rates being effective from the financial year which the investment starts to be operated partially or entirely till the period that the investment reaches to the contribution amount. In accordance with the related investment incentives, tax credits of TL7.027 million as of 30 September 2025 (31 December 2024: TL6.969 million) that Arçelik will benefit in the foreseeable future have been recognised as deferred tax asset in the consolidated financial statements.

Otokar, a Subsidiary of the Group, was granted an investment certificate by the Incentive Implementation and Foreign Investment Department of Ministry of Industry and Technology of Republic of Turkey for its modernisation investment which is intended to be completed in four-year period. In accordance with the related investment certificate, tax credits of TL214 million as of 30 September 2025 (31 December 2024: TL247 million) that Otokar will benefit in the foreseeable future have been recognised as deferred tax asset in the consolidated financial statements.

Net deferred tax assets and liabilities recognised in the Subsidiaries' financial statements prepared in accordance with TFRS, are separately classified under deferred tax assets and liabilities accounts in Koç Holding's consolidated balance sheet. Temporary differences and deferred tax assets and liabilities presented above, which are prepared on the basis of gross amounts, present the net deferred tax position.

NOTE 15 - TAX ASSETS AND LIABILITIES (Continued)

Tax Advantages Obtained Under the Investment Incentive System:

Earnings of the Group that are derived from investments linked to an investment incentive certificate are subject to corporate tax at discounted rates for a certain period, which initiates when the investment starts to operate and ends when the maximum investment contribution amount is reached partly or fully. Within this scope, tax credits of TL17.363 million (31 December 2024: TL19.974 million) have been recognised as deferred tax asset in the consolidated financial statements as of 30 September 2025, which are expected to be recovered in the foreseeable future. TL2.611 million of deferred tax expense is recognised in the consolidated income statement for the period 1 January - 30 September 2025 following the accounting of the mentioned deferred tax assets.

Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available in the foreseeable future. Deferred tax assets are recognised for deductible temporary differences, carry forward tax losses and indefinite-life investment incentives, which allows payment of corporate tax at discounted rates, as long as it is probable that sufficient taxable income will be generated in the future. In this context, the Group recognises deferred tax assets from investment incentives based on long-term plans, including taxable profit projections derived from business models, which are re-evaluated at each balance sheet date to assess recoverability of such deferred tax assets. The Group expects to recover related deferred tax assets within 5 years from the balance sheet date.

According to the sensitivity analysis performed as of 30 September 2025, when the inputs of key macroeconomic and sectoral assumptions that form the business plans are increased/decreased by 10%, there is no change in the projected 5 year recovery period of deferred tax assets related to the investment incentives.

Movements in deferred tax assets/(liabilities) are as follows:

	2025	**2024**
Beginning of the period - 1 January	**7.780**	**9.282**
Charge to the income statement	(20.624)	(14.321)
Charge to equity:		
- Gains/(losses) on financial assets measured at fair value through other comprehensive income	(1.080)	5.169
- Gains/(losses) on cash flow hedges	3.085	85
- Gains/(losses) on hedges of net investments in foreign operation	5.136	1.746
- Gains/(losses) on remeasurements of defined benefit plans	491	207
Changes in the scope of consolidation	-	87
Business combinations (*)	(250)	12.563
Currency translation differences	(2.364)	(1.353)
End of the period - 30 September	**(7.826)**	**13.465**

(*) In 2025, related to the acquisition of Eco Sun and Euremec companies operating in solar power plants in Romania by Enspire Enerji, a Subsidiary of Entek. In 2024, related to the acquisition of Whirlpool EMEA and Whirlpool MENA by Arçelik and KMC Sağlık and Bıçakçılar Tıbbi Cihazlar by Koç Holding.

Treasury shares (2)	0,04	1	0,04	1
Other	26,85	681	26,85	681
Paid-in share capital	**100,00**	**2.536**	**100,00**	**2.536**
Adjustment to share capital (3)		87.092		87.092
Total share capital		**89.628**		**89.628**

(1) Koç Family Members: Rahmi M. Koç, Semahat S. Arsel, M. Ömer Koç, Ali Y. Koç, İpek Kıraç, Caroline N. Koç, Esra Ç. Koç and Aylin E. Koç.

(2) Represents the shares that have been repurchased and publicly traded as of 30 September 2025.

(3) Adjustment to share capital includes the restatement effect of cash and cash equivalent contributions to share capital measured in accordance with TAS 29 and fair value differences of share issues within the context of acquisitions and mergers.

The analysis of shares by group is as follows:

Group	Unit of shares	Million TL	Nature of shares
A	67.877.342.230	679	Nama
B	185.712.462.770	1.857	Nama
		2.536	

In the Articles of Association ("the Articles") Koç Holding sets out the following privileges for A-group shares:

1. In accordance with Article 6, pre-emptive rights are used in purchase of new shares issued for their own groups; however, pre-emptive rights not used by B-group shareholders, can be used by A-group shareholders within the terms of CMB Legislation.
2. In accordance with Article 15 paragraph "c", A-group shareholders have two voting rights for each share owned at the General Assembly meetings (except for resolutions to change the Articles and decisions given for filing release and liability suits).

NOTE 19 - EQUITY (Continued)

Treasury shares

In accordance with the share buyback program initiated by the Board of Directors of Koç Holding A.Ş. on 1 July 2021, as of 30 September 2025, based on transactions cleared by that date, a total of shares with a nominal value of TL890 thousand (31 December 2024: TL890 thousand), corresponding to 0,04% of the Company's share capital, have been repurchased for a total consideration of TL113 million, including transaction costs (31 December 2024: TL113 million). No treasury shares have been sold as of the issue date of this report.

Other Comprehensive Income/(Expenses)

	30 September 2025	31 December 2024
Items not to be reclassified to profit/(loss):		
Gains/(losses) on remeasurement of defined benefit plans	(17.592)	(16.793)
	(17.592)	**(16.793)**
Items to be reclassified to profit/(loss):		
Currency translation differences	13.404	11.660
Gains/(losses) on hedge	(46.000)	(32.631)
- Cash flow hedge	*(6.589)*	*(942)*
- Net investment hedge	*(39.411)*	*(31.689)*
Gains/(losses) on financial assets measured at fair value through other comprehensive income	(105)	41
	(32.701)	**(20.930)**

The movements in other comprehensive income/expenses are presented in the statement of comprehensive income and statement of changes in equity.

Restricted Reserves

The details of the restricted reserves are as follows:

	30 September 2025	31 December 2024
Legal reserves	8.330	8.330

The Joint Ventures of the Group have been accounted for using the equity method in the consolidated financial statements. Accordingly, the transactions of Group's Subsidiaries with Joint Ventures and the balances from Joint Ventures are not subject to elimination.

As of 30 September 2025, TL12.797 million (31 December 2024: TL10.417 million) of trade receivables is composed of Tüpraş balances against Opet and THY Opet, TL2.263 million (31 December 2024: TL2.901 million) of trade receivables is composed of balances of Zer Ticaret and TL2.172 million (31 December 2024: TL2.106 million) of trade receivables is composed of balances of Ram Dış Ticaret arising from the sales transactions with Joint Ventures and other related parties not included in the scope of consolidation. TL14.514 million (31 December 2024: TL14.546 million) of trade payables is composed of balances due to vehicle purchases of Otokoç from Ford Otosan and Tofaş, and TL2.680 million (31 December 2024: TL1.181 million) of trade payables is composed of balances due to air conditioner purchases of Arçelik from Arçelik LG. Loans and advances given and deposit balances arise from loan and deposit transactions of Yapı Kredi Bankası, a Subsidiary of the Group, with Joint Ventures and other related parties.

As of 30 September 2025, of the transactions made with related parties, TL115.920 million (30 September 2024: TL134.214 million) of sales of goods and services are the sales amount within the scope of Tüpraş's petroleum products sales relationship with Opet and THY Opet. TL83.219 million (30 September 2024: TL64.800 million) of purchases of goods and services is composed of balances due to Otokoç's vehicle purchases from Ford Otosan and Tofaş and TL12.963 million (30 September 2024: TL13.161 million) of purchases of goods and service is composed of transactions due to air conditioner purchases of Arçelik from Arçelik LG.

c) Key management compensation

The key management of Koç Holding is identified as the members of the Board of Directors (including the President), CEO and the Group Presidents. Total key management compensation incurred by Koç Holding for the nine months period ended 30 September 2025 amounted to TL431 million (30 September 2024: TL406 million). After charging the costs to Koç Group companies to whom services are provided, the cost incurred by Koç Holding A.Ş. amounted to TL150 million (30 September 2024: TL142 million) on the purchasing power basis of 30 September 2025.

NOTE 25 - FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT

Financial Instruments and Financial Risk Management

a) Credit Risk

The exposure of consolidated financial assets to credit risk is as follows:

30 September 2025	Trade receivables	Receivables from finance sector operations	Cash and cash equivalents	Financial assets	Derivative instruments
Maximum exposure to credit risk as of reporting date (A+B+C+D)	**245.433**	**1.801.486**	**346.210**	**648.633**	**21.287**
A. Net book value of neither past due nor impaired financial assets [1]	230.009	1.766.763	346.210	648.633	21.287
B. Net book value of past due but not impaired financial assets	15.624	37.057	-	-	-
C. Net book value of impaired assets	33	25.476	-	-	-
- Past due	33	25.476	-	-	-
- Gross amount	4.538	60.397	-	-	-
- Impairment	(4.505)	(34.921)	-	-	-
- *Secured with guarantees*	*84*	*8.153*	-	-	-
- Not past due	-	-	-	-	-
- Gross amount	-	-	-	-	-
- Impairment	-	-	-	-	-
- *Secured with guarantees*	-	-	-	-	-
D. Expected credit losses (-) [2]	(233)	(27.810)	-	-	-

(1) Trade receivables and receivables from finance sector operations include related party balances amounting to TL20.515 million and TL6.767 million, respectively (Note 23).

(2) Include expected credit losses related to receivables from finance sector operations classified under "A" and "B" categories in the table above.

As of 30 September 2025, Finance sector is exposed to credit risk arising from non-cash loans in the amount of TL742.413 million (Note 24). By taking the related risk into consideration, the maximum credit risk amount, to which the Group is exposed, is TL3.805.462 million.

NOTE 25 - FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT (Continued)

31 December 2024	Trade receivables	Receivables from finance sector operations	Cash and cash equivalents	Financial assets	Derivative instruments
Maximum exposure to credit risk as of reporting date (A+B+C+D)	**230.244**	**1.684.719**	**355.260**	**658.207**	**23.498**
A. Book value of neither past due nor impaired financial assets [(1)]	216.719	1.658.972	355.260	658.207	23.498
B. Book value of past due but not impaired financial assets	13.119	35.291	-	-	-
C. Net book value of impaired assets	501	18.275	-	-	-
- Past due	501	18.275	-	-	-
- Gross amount	4.850	52.066	-	-	-
- Impairment	(4.349)	(33.791)	-	-	-
- *Secured with guarantees*	*100*	*7.711*	-	-	-
- Not past due	-	-	-	-	-
- Gross amount	-	-	-	-	-
- Impairment	-	-	-	-	-
- *Secured with guarantees*	-	-	-	-	-
D. Expected credit losses (-) [(2)]	(95)	(27.819)	-	-	-

(1) Trade receivables and receivables from finance sector operations include related party balances amounting to TL19.153 million and TL6.959 million, respectively (Note 23).

(2) Include expected credit losses related to receivables from finance sector operations classified under "A" and "B" categories in the table above.

As of 31 December 2024, Finance sector is exposed to credit risk arising from non-cash loans in the amount of TL689.124 million (Note 24). By taking the related risk into consideration, the maximum credit risk amount, to which the Group is exposed, is TL3.641.052 million.

b) Commodity price risk

Tüpraş, a Subsidiary of the Group, is exposed to risk arising from fluctuations in crude oil prices due to raw material inventory held for production. Tüpraş management manages the risk by regularly reviewing the amount of the inventory held.

Tüpraş sets its sales price according to Petroleum Market Law No: 5015 considering the product prices at the Mediterranean market, which are the closest reachable world competitive market and USD currency rates. The changes in prices in the Mediterranean market and USD currency rate are evaluated daily by Tüpraş management and sales prices are updated when prices calculated according to the aforementioned factors differ significantly from the current sales prices.

Since instability in crude oil prices may cause fluctuations in net profit and cash flows, Tüpraş management has constituted a hedging policy in order to eliminate the aforementioned risk. In accordance with the policy, short and long term hedging transactions are realised by utilising various derivative instruments.

c) Product Profit Margin (Crack Margin) Risk

Besides the fluctuations in crude oil prices, Tüpraş is also exposed to the risk of fluctuations in crack margins arising from the changes in product prices. In order to eliminate the aforementioned risk in crack margins, a hedging policy has been constituted by considering historical product price levels, market expectations and forecasted sales volumes. In accordance with the policy, crack margins are hedged by utilising various derivative instruments.

NOTE 25 - FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT (Continued)

d) Foreign Exchange Risk

Group's consolidated assets and liabilities denominated in foreign currency are as follows:

	30 September 2025	31 December 2024
Assets	1.512.236	1.420.079
Liabilities	(1.933.560)	(1.732.616)
Net balance sheet position	**(421.324)**	**(312.577)**
Derivative instruments net position	311.205	207.662
Net foreign currency position	**(110.119)**	**(104.915)**
Loans designated as hedging instruments [(1)]	53.323	35.932
Net foreign currency position after hedging instruments	**(56.796)**	**(68.983)**
Inventories under the natural hedge [(2)]	62.378	78.752
Net foreign currency position after hedging instruments and the natural hedge	**5.582**	**9.769**

(1) The loans of Tüpraş related to financing the Residuum Upgrade Project (RUP) are designated as hedging instruments against the spot foreign exchange rate risk (USD/TL) associated with highly probable USD denominated export revenues. The loans of Tüpraş which are subject to cash flow hedge amounted to USD2 million (TL73 million) as of 30 September 2025 (31 December 2024: USD9 million (TL402 million)).

The EUR and USD denominated loans of Arçelik are designated as hedging instruments against the spot foreign exchange rate risk associated with highly probable foreign currency denominated export revenues. The loans of Arçelik which are subject to cash flow hedge amounted to EUR424 million (TL20.644 million) and USD48 million (TL1.988 million) as of 30 September 2025.

The EUR denominated loans of Wat Motor are designated as hedging instruments against the spot foreign exchange risk (EUR/TL) associated with highly probable EUR denominated export revenues. The loans of Wat Motor which are subject to cash flow hedge amounted to EUR25 million (TL1.216 million) as of 30 September 2025 (31 December 2024: EUR25 million (TL1.251 million)).

Foreign exchange gains/losses related to the loans of Tüpraş, Arçelik and Wat Motor are recognised under equity as "gains/losses on cash flow hedges" until the realisation of the cash flows at the hedged items.

Arçelik designated EUR335 million (TL16.297 million) of bank loan and RUB11.357 million (TL5.658 million) of contingent liability; Otokoç designated EUR132 million (TL6.409 million) and USD25 million (TL1.038 million) of bank loan as hedging instruments in order to hedge the foreign currency risk arising from the translation of net assets of the subsidiaries operating in Europe and Russia from foreign currency to Turkish Lira (31 December 2024: Arçelik: EUR500 million - RUB10.321, Otokoç: EUR125 million - USD31 million). Foreign exchange gains/losses of the related loans are recognised under equity as "gains/(losses) on net investment hedges" in order to offset the foreign exchange gains/(losses) arising from the translation of the net assets of investments in foreign operations to Turkish Lira.

(2) Tüpraş and Aygaz manage their foreign currency risk resulting from their net financial liabilities by reflecting the effects of the changes in foreign currencies to their selling prices of petroleum products ("natural hedge"). As of 30 September 2025, Tüpraş and Aygaz have raw materials and petroleum products amounting to TL60.617 million (31 December 2024: TL76.723 million) and TL1.761 million (31 December 2024: TL2.030 million), respectively.

Excluding the loans designated as hedging instruments and the inventories under the natural hedge, the Group has TL5.582 million (USD135 million) foreign exchange net long position as of 30 September 2025.

NOTE 25 - FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT (Continued)

As of 30 September 2025, if EUR and USD had appreciated by 10% against TL with all other variables held constant, profit before tax would have been TL6,9 billion lower, mainly as a result of foreign exchange losses on the translation of the foreign exchange position as presented in detail in the table below. The net effect of the related foreign exchange losses on the net profit (attributable to equity holders) is approximately TL2,3 billion.

The impact of 10% exchange increase in income statement (pre-tax profit):

	USD	EUR	Other	Total
30 September 2025				
Foreign currency net position (*)	(6.864)	(1.407)	1.341	(6.930)

(*) Profit before tax impacts arising from foreign exchange positions of Joint Ventures have been included in the sensitivity analysis.

Above sensitivity analysis has been performed by taking "net foreign currency position after hedging instruments" into account and based on a scenario of a sudden increase in exchange rates as of the balance sheet date. Therefore, related analysis does not include the profitability that will arise in the following months, via the reflection of the exchange rate increase on the sales prices of the products defined as "natural hedges". If "net foreign currency position after hedging instruments and the natural hedge" is taken into account, which is followed by the Group in the context of risk management policies, a possible 10% increase in foreign exchange rates would have a limited effect on Group's pre-tax profitability, since the net position after natural hedge is limited.

The impact of 10% exchange increase in other comprehensive income statement (pre-tax profit):

	USD	EUR	Other	Total
30 September 2025				
Hedged items (*)	(310)	(8.388)	(566)	(9.264)

(*) Related balances include foreign exchange impacts which are within the scope of cash flow hedge and net investment hedge in foreign operations and which are recognised under the hedging reserve.

NOTE 26 - FAIR VALUE DISCLOSURES OF FINANCIAL INSTRUMENTS

Fair value of financial instruments

Estimated fair values of financial instruments have been determined by the Group by using available market information and appropriate valuation methodologies. However, judgment is necessarily required to interpret market data. Accordingly, estimates presented herein are not necessarily indicative of the amounts the Group could realise in a current market exchange.

The following methods and assumptions are used to estimate the fair values of financial instruments:

Financial assets

Carrying values of cash and cash equivalents and trade receivables are assumed to reflect their fair values due to their short-term nature. The estimated fair value of interest bearing placements of cash and cash equivalents of finance sector is calculated based on discounted cash flows using prevailing money market interest rates at the balance sheet date with similar credit risk and remaining maturity.

The estimated fair value of receivables from finance sector operations represents the discounted amount of the estimated future cash flows expected to be received. Expected cash flows are discounted at current market rates with similar currency and remaining maturity in order to determine their fair value.

The fair value of financial assets measured at amortised cost is determined based on market prices; or when market price is not available, based on market prices quoted for other securities subject to the same redemption qualifications in terms of interest, maturity and other similar conditions.

NOTE 26 - FAIR VALUE DISCLOSURES OF FINANCIAL INSTRUMENTS (Continued)

Financial liabilities

Fair values of short-term trade payables and borrowings with floating interest rate are assumed to approximate their carrying values. The estimated fair value of issued debt securities and other long-term borrowings without quoted market price is based on discounted cash flows using market interest rates prevailing at the balance sheet date with similar credit risk and remaining maturity.

The estimated fair value of demand deposits with no stated maturity classified under payables to finance sector operations, represents the amount repayable on demand. The fair value of overnight deposits is considered to approximate their carrying values. The estimated fair value of fixed-interest deposits is calculated based on discounted cash flows using market interest rates applied to similar loans and other debts. In case the maturities are short-term, the carried value is assumed to reflect the fair value.

Within the framework of the methods and assumptions explained above, the carrying values and estimated fair values of financial assets and liabilities as of 30 September 2025 and 31 December 2024 are presented in the table below:

	30 September 2025		31 December 2024	
	Carrying value	Fair value	Carrying value	Fair value
Assets				
Cash and cash equivalents	375.008	375.179	385.286	381.215
Receivables from finance sector operations	1.801.486	1.808.426	1.684.719	1.678.690
Financial assets measured at amortised cost	453.645	425.361	486.329	441.936
Liabilities				
Borrowings	1.210.386	1.261.573	1.102.937	1.109.500
Payables to finance sector operations	1.985.560	1.987.739	1.933.630	1.934.183

Fair value estimation

The classification of the Group's consolidated financial assets and liabilities at fair value is as follows:

Level 1: *Quoted prices (unadjusted) in active markets for identical assets or liabilities:* The fair value of financial assets and financial liabilities are determined with reference to quoted market prices.

Level 2: *Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices):* The fair value of financial assets and financial liabilities are determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions. Assumptions and inputs used in valuation techniques include risk-free and benchmark interest rates, credit spreads and other variables used in estimating discount rates, bond and equity prices, foreign currency exchange rates, equity and equity index prices and expected price volatilities and correlations.

Level 3: *Inputs for the asset or liability that are not based on observable market data.*

NOTE 26 - FAIR VALUE DISCLOSURES OF FINANCIAL INSTRUMENTS (Continued)

Assets and liabilities measured at fair value as of 30 September 2025 and 31 December 2024 are as follows:

30 September 2025	Level 1	Level 2	Level 3	Total
Financial assets measured at fair value through profit/(loss)				
- Equity securities	225	915	4.989	6.129
- Debt instruments	2.988	1.069	-	4.057
Financial assets measured at fair value through other comprehensive income				
- Equity securities	5.059	2.160	-	7.219
- Debt instruments	190.766	165	-	190.931
Derivative instruments	-	21.287	-	21.287
Total assets	**199.038**	**25.596**	**4.989**	**229.623**
Derivative instruments	-	20.847	-	20.847
Liabilities related to business combinations (Note 18)	-	7.302	-	7.302
Total liabilities	**-**	**28.149**	**-**	**28.149**

31 December 2024	Level 1	Level 2	Level 3	Total
Financial assets measured at fair value through profit/(loss)				
- Equity securities	460	-	4.325	4.785
- Time deposits	-	176	-	176
- Debt instruments	3.182	1.119	-	4.301
Financial assets measured at fair value through other comprehensive income				
- Equity securities	7.400	1.902	-	9.302
- Debt instruments	167.024	377	-	167.401
Derivative instruments	-	23.498	-	23.498
Total assets	**178.066**	**27.072**	**4.325**	**209.463**

	46.147	**53.620**
Net changes in the operating assets and liabilities:		
Finance:		
Receivables from finance sector operations	(134.119)	14.485
Balances with Central Bank of the Republic of Turkey - required reserves	(29.817)	(56.226)
Payables from finance sector operations	51.930	30.339
Other assets and liabilities, net	1.190	(12.508)
	(110.816)	**(23.910)**
Non-Finance:		
Inventories	8.073	(1.630)
Trade receivables	(14.614)	39.020
Trade payables	(16.103)	(82.888)
Other receivables and payables, net	(22.499)	18.950
Other assets and liabilities, net	52.707	(8.116)
	7.564	**(34.664)**
Currency translation differences	(544)	(3.490)
	(103.796)	**(62.064)**
Cash and cash equivalents:		
Cash and cash equivalents (Note 5)	375.008	439.577
Add: Balances with Central Bank of the Republic of Turkey - free deposits	260.441	267.326
Less: Blocked deposits (Note 5)	(16.893)	(15.538)
	618.556	**691.365**

NOTE 30 - EVENTS AFTER THE BALANCE SHEET DATE

i) Under the Share Purchase Agreement signed on 29 July 2025 between Tek-Art Marina, a subsidiary in which Koç Holding holds approximately 75% of the shares, and Yıldız Holding A.Ş. and Sağlam İnşaat Taahhüt Ticaret A.Ş. ("Sağlam İnşaat"), for the acquisition of all shares representing the capital of Beta Marina Liman Yat ve Çekek İşletmeciliği A.Ş. ("Beta"), which operates Göcek Village Port Marina and Göcek Exclusive Port Marina and holds 50% of the shares in MCI Turizm Marina Yat ve Çekek İşletmesi A.Ş. ("MCI") and RAM Turizm Marina Yat ve Çekek İşletmesi A.Ş. ("RAM"), the companies holding the land and sea usage rights of the aforementioned marinas, the shares in Beta are to be acquired from Yıldız Holding A.Ş., while the remaining 50% of the shares in MCI and RAM are to be acquired from Sağlam İnşaat. As disclosed in the material event announcement dated 31 October 2025, the Turkish Competition Authority has granted clearance for the transaction. Efforts to complete the remaining closing conditions are ongoing.

ii) Koç Holding has signed a facility agreement with a group of lenders consisting of Bank of America Europe DAC, BNP Paribas Fortis SA/NV, HSBC Bank Middle East Limited, ING Bank N.V. Dublin Branch, JPMorgan Chase Bank, N.A. London Branch, MUFG Bank, Ltd., Société Générale, and Standard Chartered Bank (Hong Kong) Limited to enhance its liquidity. As of the date of this report, no drawdown has been made under the facility. The loan provides for an amount up to USD600 million, at a cost of SOFR + 1,95%, excluding fees and commissions. The loan can be utilised within the following six months from the signing date, accrues interest payable on a semi-annually basis, and has a total maturity of five years, including an initial grace period of 2,5 years followed by six equal semi-annual installments thereafter.

iii) Stellantis Otomotiv has merged with Tofaş, a Joint Venture of the Group, through the transfer of all its assets and liabilities. The related Board of Directors' resolutions and the Merger Agreement were registered on 31 October 2025.
